

Updates to reproachofmen.org Hymns page

I have added 6 new hymns to the hymns page. They are:

How Hurtful was the Choice of Lot

The Love of God

Lord Thy Word Abideth

At the Name of Jesus

A Clean Heart

Abba Father, We Approach Thee

I have also corrected an error in the code of "Holy and Reverend is His Name" which allowed the midi file to start twice. It sounds considerably better having only one instance of the midi file running.
