

Updates to websites

The article "Of Angels and Men" on oprobiodeloshombres.org now has all the footnotes in Spanish. Also, both reproachofmen.org and oprobiodeloshombres.org have links to spottderleute.org.

I should have El Mandimiento Imposible ("The Impossible Command") and "Qué Hay de mal La Pasión" ("Why I Will Not See the Passion") formatted in HTML and posted on oprobiodeloshombres.org before the end of Saturday.
