Finally, all 24 articles of the Statement of Faith (Declaración de Fe) are posted with the passages from the Scripture. The difficulty of this portion of the Spanish website lay in the fact that there is not a right Spanish Bible. A simple check of the number of verse passages that have the word *modificado* (modified) after the Scripture reference illustrate this point rather well. The verses in the Spanish Bible (*Casiodoro de Reina en 1569*) had to be changed to match the *1611 King James Version, 1769 Edition*. Otherwise, the Statement of Faith would have been unworkable in Spanish as the verses would not have matched the synopsis.
