

Website Changes – Hymn format

The formatting of the hymns have been seriously upgraded and changed. The layout is now fixed-width even for standards compliant browsers as this particular type of document seems to do best in a fixed-width layout.

You can access any one of the hymns currently on the website through the Hymns and Music page. Or, you can go directly to one of the hymns I like very much:

Abba Father, We Approach Thee
O For a Shout of Joy
I Am Standing On the Word of God
I Send the Joys of Earth Away

I could add more, but there is no point in putting the entire list on the blog. Please enjoy the hymns and let me know what you think of the new format.
