

The Election of Grace: The road to salvation

Beyond doubt, the doctrine of the election of grace has been hijacked and misconstrued by certain persons into a false doctrine of "election to belief." An honest study of the Scriptures demonstrates clearly that there exists no "election to belief," but a very clear election of grace by the LORD God. The following graphic, and Adobe Acrobat link below the image, illustrate the path which one walks to salvation in which, if one ultimately believes, the LORD God will of His own volition, elect them to salvation by bestowing grace upon them in Christ Jesus.
