

# A Sequence of Events

During one of the Bible studies, I was asked a question about salvation and the time of the Great Tribulation. When I attempted to explain, there was not an adequate way to explain certain things that occur without some form of timeline. To assist the individual, I promised that I would produce a sequence of events that gave the major occurrences from the rapture to the new heavens and new earth.

This sequence of events is not set at a specific time in the future, just that the events will occur in sequence beginning at some point in the future. Neither is the chart done to scale. Having it to scale would not benefit our understanding one iota. What is profitable is knowing what events, in what order, and why they are ordered that way.

A sequence of events from the rapture to the new heavens and new earth

I pray it is profitable for you.
